

Lull Telehandler Part

Lull Telehandler Parts - Telehandlers by Lull have been providing load placement precision since 1959. The Lull telehandler could really help make the job faster and easier, whether the work requires transferring loads, positioning heavy steel or landing loads on scaffoldings. These units are complete with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull is able to supply 80 inches of boom travel for precision placement capabilities. There are also several optional Lull attachments for their telehandlers in order to help finish any work.
